

SUBJECT: National Weather Service
Official Closure of Weather Service Office in
Erie, Pennsylvania

TO: Office of the Under Secretary
Staff Offices of the Under Secretary
Administrative Delivery Points

The National Weather Service (NWS), Weather Service Office (WSO) in Erie, Pennsylvania was closed on September 30, 2010 as a result of a process that began with the NWS Modernization in the 1990s. Notification of the office closure was provided to the Congressional delegation representing Erie, emergency management, and the public. All office staff have vacated their positions.

The official office closure will not result in Full-Time Equivalent increases or higher salaries, does not have any impact on budget or bargaining unit employees, nor will the closure affect office space requirements.
